This 3-day trip will bring you to the most famous and popular places and attractions in Iceland. Exploring the Southern part of Iceland, you will visit the South Coast, Golden Circle, and Thorsmork.

### Day 1: Thorsmork

The adventure continues as we head into the “**Valley of Thor**” **Pórmörk** – crossing the rivers several times along the way. We mark the first stop at Nauthusagil waterfall, a secluded but worthwhile highlight of the day before we drive further to the **Stakkholtsgjá Canyon**. Here, we can take a hike to explore the volcanic and glacial surroundings and check out the amazing views. Next on the itinerary is the **Basar**, where we can enjoy the calm serenity of the raw nature. At the end of the day, we will return to the hotel to rest up for the following leg of the trip.

### Day 2: Golden Circle

**Pingvellir National Park**-we visits the place where the two tectonic plates, the North American and the Eurasian plate, are moving away from each other. The biggest natural lake in Iceland is also located at Thingvellir National Park and hosts a great variety of fish and birdlife. The name “Thingvellir” translates to “Parliament Plains” because here was founded their first parliament, was in 930 a.d.

**The Geysir geothermal area** hosts hundreds of colorful hot springs and two geysers, erupting hot springs.
